Gear

Deflector shield [proposed]: A droideka's shield generator. While the carrier has not Moved or rolled this round, it counts as in Heavy cover against every shot. Suppressive Fire ignores it, as it ignores cover.

Skills

Automated: Never gains Suppression, never tests for breaking, and is not affected by casualty shock or Rally. A wound row of 6 or more destroys it. Attributes shown as a dash are never used.
Rolling [proposed]: Instead of a Move, it may roll up to 12" by the shortest route: not through difficult ground, up or down a level, or over an obstacle. It cannot Shoot, Aim or go on Overwatch in an activation in which it rolls.

Element: Droideka pair (tier 2, Sentry)

Star Wars: Legion Droidekas

BX Commando Droid

Skills

Automated: Never gains Suppression, never tests for breaking, and is not affected by casualty shock or Rally. A wound row of 6 or more destroys it. Attributes shown as a dash are never used.
Scout [proposed]: Deploys up to 6" beyond its side's deployment zone, out of enemy line of sight. Scrub and woods are not difficult ground for it.
Leap [proposed]: A Move may include one leap, up or down one level (3") or across a gap up to 3", at no extra cost. Drops up to 6" need no falling test.

Element: BX commando droid squad (tier 3, Tactical)

Star Wars: Legion BX-series Droid Commandos

Skills

Automated: Never gains Suppression, never tests for breaking, and is not affected by casualty shock or Rally. A wound row of 6 or more destroys it. Attributes shown as a dash are never used.
Battle computer 1 [proposed]: Commands the droids around it. Separatist elements with a model within 12" of it, and in its line of sight, use the Tactical behavior profile with the Regular drill (chapter 10) instead of their own.

Element: Tactical droid and escort (tier 2, Tactical)

Star Wars: Legion T-series Tactical Droid

Kraken

Elite Super tactical droid · Separatist Alliance

Skills

Automated: Never gains Suppression, never tests for breaking, and is not affected by casualty shock or Rally. A wound row of 6 or more destroys it. Attributes shown as a dash are never used.
Battle computer 2 [proposed]: Commands the droids around it. Separatist elements with a model within 12" of it, and in its line of sight, use the Tactical behavior profile with the Regular drill (chapter 10) instead of their own. As level 1, within 18" and with no line of sight needed (it commands over the droid network), and with the Veteran drill.

Element: Kraken and bodyguard (tier 3, Tactical)

Star Wars: Legion Super Tactical Droid

General Grievous

Lightsaber (close combat)	2d12	—	2

Skills

Leader: A Rally made by a Leader, or on a model within 6" and in line of sight of a Leader, removes 2 Suppression instead of 1. At initiative, each side adds the Nerve of its Leader with the highest Nerve.
Augmented [proposed]: Genetically or cybernetically augmented: +1 to Physique tests, and it ignores the first Suppression it gains each round.
Deflect 1 [proposed]: Holding a lightsaber and not Pinned: when hit by a ranged attack it can see, test 2d6 + Fight, 8+, to deflect it (no effect). −1 for each earlier deflection this round. Test each hit of a burst separately.
Leap [proposed]: A Move may include one leap, up or down one level (3") or across a gap up to 3", at no extra cost. Drops up to 6" need no falling test.
Twin blades [proposed]: Fights with two blades: +1 to close combat exchange rolls.

Element: General Grievous and MagnaGuards (tier 4, Aggressive)

Star Wars: Legion General Grievous

DSD1 Dwarf Spider Droid
